Fetal Bovine Serum

NEW YEAR **'SUPER SPECIAL'**

Limited Stock of CORNING Fetal Bovine Serum

\$499 ex-GST
500mL

Mediatech, Inc.

A Corning Subsidiary

LONG SHELF LIFE: Expiry date 31/01/2021

Quality Standards

All sera products are analysed for quality and performance and processed in accordance with industry standards. Raw pooled serum is filtered through a series of 0.1 micron sterilising grade filters. Each lot is tested for bacterial endotoxin.

Australian Origin

Premium FBS is collected from Australian sources and manufactured at facilities in Australia. Long shelf life – **Expiry date: 31/01/2021.**

Sterile Filtered

Raw pooled serum is filtered through a series of 0.1 micron sterilising grade filters. All lots of FBS are verified to contain < 30 mg/dL of haemoglobin.

Certificate of Analysis

Sera products are tested for pH, osmolality, growth promotion, sterility, mycoplasma, total protein, endotoxin and haemoglobin levels, and viral contamination. Download the [Certificate of Analysis](#).
