# For all your Life Science

## Instruments and Laboratory Equipment

Air Showers	Laboratory Ovens
Ambient Shakers (Benchtop)	Laboratory Refrigerators and Freezers
Analytical and Compact Balances	Laminar Flow Cabinets
Biological Safety Cabinets	Magnetic Stirrers/Hotplate Stirrers
Block Heaters	Moisture Analyzers
Cleanroom Equipment	Overhead Stirrers
Cytotoxic Cabinets	PCR Cabinets
CO <sub>2</sub> Incubators	pH Measuring Equipment
Densitometers	Photometers and Spectrophotometers
Ductless Fume Hoods	Plate Sealers
Electronic Weighing Equipment	Powder Weighing Balance Enclosures
Freezers (Ultra-low temperature)	Rockers and Mixing Equipment
Hot Plates	Shaking Equipment
Hybridisation Ovens	Tube Roller and Rotary Tube Mixers
Incubators	Vortex Mixers
Isolators	Warming Trays/Heating Plates
Laboratory Incubators/Shakers	Washers and Aspirators
Laboratory Ice-making Machines	Water and Heating Baths

## Cloning and Protein Expression

Apoptosis Kits	Micro-volume Spectrophotometers
Blotting Membranes	Power Supplies
Cloning Biochemicals	Protein Elution Kits
Combinatorial Cloning Kits	Protein Ladders
DAB Western Blotting Kits	Protein Purification Systems
Gel Photography Imagers	Protein Staining Kits
Immunology Enrichment Kits	Protein Purification Resins
Micro Dialyzers	X-GAL/IPTG

## PCR Instrumentation, Reagents and Consumables

DNA Gel Stains	Nucleotides
DNA Methylation Detection Kits	PCR Cabinets
DNA Quantification Kits	PCR Enzymes and Optimization Kits
Fluorogenic Probes and Primers	PCR Microplates
Hot-Start Taq	Plate/Heat Sealers
qPCR Systems	PCR Thermal Cyclers
Master Mixes and Dyes	Spectrophotometers (Micro-volume)

## Assay Kits and Development Tools

Antibody Biotin Labelling Kits	Monoclonal Antibody Products
Apoptosis Detection Kits	PEG Reagents
Cardiac Biomarker Kits	Pre-mixed Buffers
ELISA Kits (complete range)	Purified Biomarkers
MLPA Reagents, Stabilizers and Enzymes	SALSA MLPA Kits (complete range)

## Cell and Tissue Culture

Cell Culture Consumables	Fetal Bovine Serum
Cell Culture Coverglass	Laminar Flow Cabinets
CO <sub>2</sub> Incubators	Tissue Culture Media

Visit [www.fisherbiotec.com](http://www.fisherbiotec.com) to view all current Promotional Offers

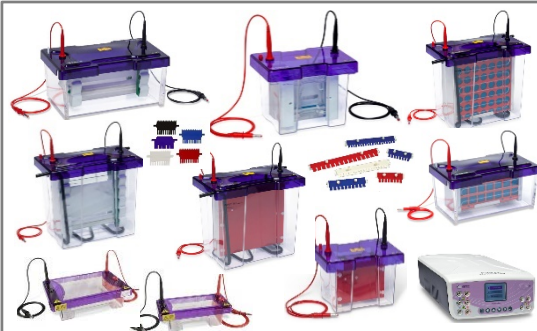

# Research requirements

## Electroporation, Electrofusion and Transfection

Electrofusion Systems and Buffers	In Vivo Electroporation Systems
Electroporation Cuvettes	Magnetic Assisted Transfection
Electroporation Systems and Buffers	Specialty Electrodes
Embryo Manipulation Systems	Transfection Reagents
High Throughput Systems	Transfection Systems

## Electrophoresis Equipment and Accessories

2-D Electrophoresis	Electro-blotters
Agarose	Electrophoresis Systems and accessories
Blotting Systems	Gel Drying Systems
Buffers (pre-mixed)	Horizontal Gel Systems
DAB Western Blotting Kits	Power Supplies
DNA Ladders and Markers	Vertical Gel Systems
Dyes and Stains	Western Blotting Kits

## Imaging and Gel Documentation

Animal Imaging Systems	UV Irradiation Systems
Chemiluminescent Imaging Systems	UV Radiometers
Fluorescent Imaging Systems	UV Transilluminators

## Centrifugation and Accessories

Centrifuge and Transport Tubes	Mini and Micro-Centrifuges
High Performance and Ultra-Centrifuges	Mini Plate Spinner Centrifuges
Laboratory Centrifuges (complete range)	Refrigerated Micro-Centrifuges

## Liquid Handling and Automation

Automation Tips (Compatible Brands)	Pipette Controllers / Bench Top Pipettors
Electronic Pipettes	Pipette Tips (complete range)
Liquid Handling Systems	Single, 8, 12 and 16 Channel Pipettes

## Plastic Labware and Consumables

Aerosol Barrier Tips	PCR Plates and Seals
Assay Plates	PCR Tubes
Automation Tips (Robotic)	Pipette Tips (complete range)
Chromatography Columns	Racks (Tubes and Pipettes)
Deep-well Plates	Reservoirs
Filtration Plates	Sealing Mats
Microtubes	Storage Boxes

## DNA/RNA Extraction/Purification Kits

Cell Genomic DNA Kits	Nucleic Acid Purification Kits
DNA Fragment Purification Kits	Plasmid DNA Extraction Kits
DNA Isolation Kits	Protein Staining Kits
DNA Ladders and Markers	Rapid Silver Staining Kits
DNA Methylation Detection Kits	RNA Purification Kits
Genomic DNA Purification Kits	Sample Collection Devices
Magnetic Bead Kits	Viral Nucleic Acid Isolation Kits

Let us help you create a solution to your research requirements

## OUR COMPANY

During 2022 Fisher Biotech is celebrating a huge milestone, it will be 25 years since our doors first opened. Since 1997 Fisher Biotech has continually expanded its product range to provide high quality products and services to the Australian scientific community.

Fisher Biotech offers the scientific market a fresh and innovative alternative with personalised service, providing cost effective solutions and tools to our customers for their life science research work.

Our aim is to exceed our customers' expectations at every level and offer best possible value for money. Fast forward 25 years and it's these same principles that underpin everything that Fisher Biotech still does.

Fisher Biotech would like to thank all its loyal customers. Your support and commitment to buying from a customer focused, wholly Australian-owned business, has enabled our continuing success.

## OUR CORE VALUES

- Dedicated to excellence
- Committed to integrity and service
- Focused on providing customer satisfaction

## OUR QUALITY GUARANTEE

Fisher Biotech practices continual improvement to be recognized as a leader in our industry and our management system is certified to JAS-ANZ ISO 9001:2015 for the sale and supply of equipment and consumables to the pharmaceutical and laboratory health care industry.

## LOCATION

### HEAD OFFICE:

198 Cambridge Street Wembley WA 6014  
PO Box 169, Subiaco WA 6904

**FRECALL:** 1800 066 077

**TEL:** +61-8-9382 3511

**FAX:** +61-8-9382 3611

### NATIONAL SALES/SERVICE SUPPORT:

Representation in all States and Territories
